## WHAT I MAKE FOR BRANDS

### STORY-LED BRAND VIDEO

A 30–60 s true story told to camera, with your product inside the story. Posted on Instagram, TikTok and Facebook.

### UGC FOR YOUR ADS

Selfie-style videos for your own ads: natural, captioned, cut 9:16, 4:5 and 1:1, plus clean versions without captions or music.

### CINEMATIC EDITS WITH AI

A whole day or event cut into one film on the beat, with AI-generated scenes where the camera wasn't there.
